

**NATIONAL ASSOCIATION OF CONGREGATIONAL CHURCHES
Philippines**

GIDEON'S 300 PROJECT

The National Association of Congregational Churches and its relief organization, The Caring Community, have effectively partnered to plant and nurture Congregational Christian Churches in the Philippines. Mission founders, Rev. Ernanie and Awit Castillo brought the Congregational Way to the Philippines. Presently, their son, Symphony John, serves as Executive Director of the NACC.

In May 2008, the Castillos issued an urgent plea for support. They wrote “ for several months now we were seeking the Lord’s mind and last week He led us in the Book of Judges 6:7. When God’s people and Gideon asked God to deliver them from starvation because their fields and animals were ruined and ravaged by their enemies, God told Gideon (7: 7) to select 300 men and thru them God would rescue them from their economic debacle thus-- our Gideon’s 300 Project. The Lord impresses upon our hearts that He can rescue us from our monthly financial predicament thru the help of at least 300 individuals, churches and groups within our congregational constituents.”

The mission’s goals are four-fold: (1) to support local pastors in their ministry to NACC churches; (2) to share the love and compassion of Christ through spiritual nurture and material assistance; (3) to plant Congregational Churches in the surrounding villages and suburbs; and, (4) to help educate children and train them for future leadership in NACC churches. Could your church, Sunday School, women’s or men’s groups help?

“Share with God’s people who are in need.” Romans 12:13 NIV)
