

A Pioneer of Congregational Way Has Journeyed Home

We have just received notice that Vaughan Abercrombie passed away on June 3rd in Pensacola, Florida. Dr. Abercrombie served churches in Rhode Island, Massachusetts, Washington, Ohio, and New Jersey. His long and illustrious ministerial career included serving the National Association as a member of the Christian Education Commission, Division For Ministry, and Executive Committee. From 1964-1969 he was an Associate Executive Secretary of our Association. His books, lectures, and sermons remain tributes to his keen mind and passionate faith. Funeral arrangements are being made at the Congregational Church of Marco Island, where Dr. Abercrombie was a member.

May God's presence be with his family and friends in their time of sorrow.
