

### **Karavilai**

This is one of the pastorate churches. All the believers are very poor. The church building is in incompleting stage. We request your support. Cost \$ 2500.

### **Palkuzhi**

Palkuzhi is one of the most remote villages in our district. Hill area, there is no transporting facility. Most of the people are daily wage earners. They have started to build a parsonage work. we are unable to finish the work. So we need your kind help. Cost \$ 2000.

### **Mangalam**

This church is right in the midst of a non-Christian area. Our believers here are much oppressed by the non-Christian people. But the gospel is spreading very fast. They build a church here, but they have not sufficient money. They build this church by the offering of the poor believers. They are expecting help. Please support them. Cost \$ 3000.

Then I told them of the hand of my God which was good upon me; As also the king's words that he had spoken unto me. And they said, let us rise up build. So they strengthened their hands for this good work. Nehemiah 2:18

## **Travancore Church Council**

### **London Mission Churches Tamil Nadu, S. India**

Greetings to you all in the matchless name of our Lord and Saviour Jesus Christ whom we Love and Serve.

We, the members of the Travancore Church Council are very much like to share our situations and needs with you through this pamphlet for the glory of our Lord Jesus Christ.

The London Missionary Society sent the Missionaries to India from 1795. In 1806 Rev. W.T. Ringel Taube sent by L.M.S to Travancore the southern part of India. As a result, through his hard work and by the grace of God Almighty, a group of congregational churches were established that come under the Travancore church council.

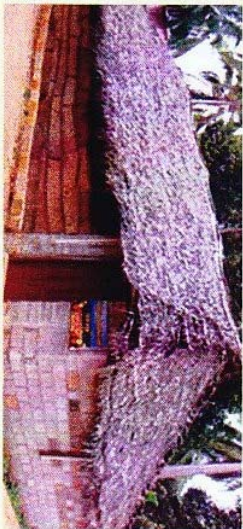

In 1947 most of the churches joined episcopacy (C.S.D) but a small group of churches continued on congregationalism. We have been suppressed and suffered much by the Episcopal churches. God Almighty has been using the Missionary Society (NACC) for the growth of our small group. We are very grateful to the Missionary Society.

Now we have 40 churches, one hospital (If you know more about our hospital please visit our website. [www.cchospitalindia.com](http://www.cchospitalindia.com)) 2 schools. And also some churches have clinic and schools run by themselves.

*Now renovation works and extension works, construction of parsonages among some churches are going on. So our Dear Brothers in Christ, now we are in need of your prayers and financial support.*

*The photos in this brochure show you the details about our needs. We trust in the Lord strongly, that he will supply all our needs for His glory. We also need your valuable support. The amount mentioned below every project is half of the actual cost.*

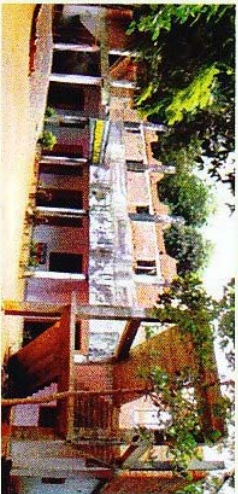

**Kuzhicode**

The Kuzhicode London Mission church consist of 350 families. Every week 600 men & women including children gather regularly for the worship services. Our church building dedicated by Rev. David Henry Grey on 13th July 1967, was forcibly taken away from us by the CSI group on 28th August 1997. Since then we have been worshipping in a thatched shed. Now we are planning to put up a permanent church building (125 ft x 40 ft). It is estimated that it may cost us more than 25,000 dollars.

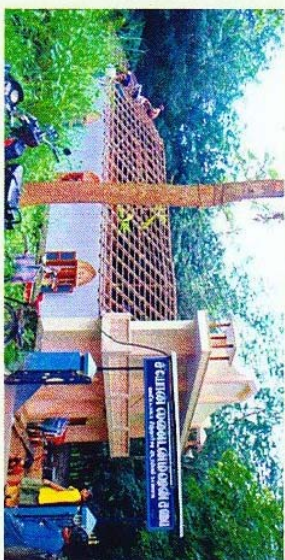

Since most of our congregation members live below poverty line, we find it difficult to meet this big amount. We primarily look unto God and share our concerns with you. Kindly pray for us and try to support us in whatever way possible. We are ever grateful to the missionary society.

**Nanbar Nager**

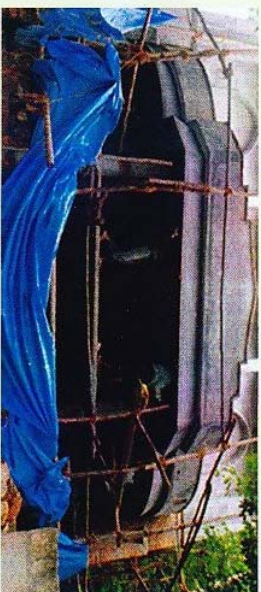

This is a non Christian area. God has chosen a group of people for his glory. One English Medium School is also run by the people. The government has not permitted to build the church. So this building is functioning as a school cum church. The buildings is in a incomplected stage. We request your help. Cost \$ 5000.

**Valiyayella**

Valiyayella is Pastorate Church situated in a forest area (Tribals) . There is no electricity. The congregation members are very poor living by cutting fire wood. The church building is a dilapidated condition. It badly needs replacement. Since they are very poor, they are not in a condition to do it by themselves and are in need of the help of others. (In this picture you may see the roof tiles removed). Cost \$ 2000.

**Kuroor**

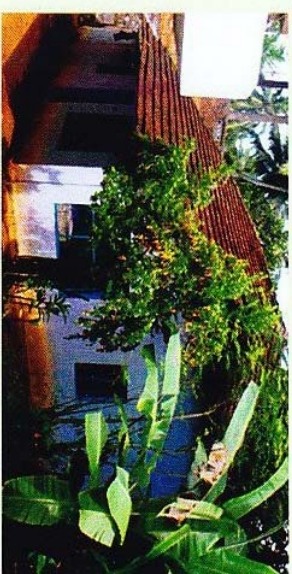

This place is a most backward area in our district. Most of the people here are working in rubber plantation. But they are giving more than their capacity for the church construction work. But they are unable to finish the work without outside help. So please pray for them and support to finish the church building. Cost \$ 3000.

**Arumanai**

Arumanai church is surrounded by episcopal churches, but a group of people are sticking on to congregational faith very strongly. Church building is very old and is in a damaged condition. So they begin to build a new church. One sm portion is shown in the picture. Most of the believers are living below poverty line. They are not able to finish the work. So, we request your kind support. Cost \$ 5000.

**Marthandam**

This church parsonage is in very bad condition. The work may collapse at any time. The pastor stays in the building with family. Most of the believers are very poor and not able to build a new house. So we request your kind help to build new parsonage. Cost \$ 3500.
