

ONE GREAT HOUR OF SHARING

Flooding in Louisiana

The One Great Hour of Sharing Fund is used to bring emergency relief to victims of natural disasters (floods, famine, hurricanes, earthquakes) both in the United States and around the world. Most recent distributions from this fund were used for relief efforts in response to the tornadoes in the Midwest, flooding in Louisiana and West Virginia, hunger in Africa, and the typhoons in the Philippines.

Every year, at times, of their choosing, Congregational Christian Churches across the country are urged to help meet the needs of victims of natural disasters. Freewill offerings may be taken for One Great Hour of Sharing. Other offerings may be taken for specific needs as they arise. All offerings should be forwarded to (the National Association of Congregational Christian Churches) One Great Hour of Sharing Program for distribution in a timely and effective manner by the Missionary Society.

Relief funds may be needed with little or no advanced warning. To assure that reserve funds are available when needed, please contribute to the One Great Hour of Sharing Fund throughout the year.

Every dollar given to Missions goes to Missions
