About Our Mission Partners

Mission Partners The National Association of Congregational Christian Churches (NACCC), through its Mission and Outreach Ministry Council, strives to select projects that are Congregational Christian in faith and polity. Overall, our program of Christian missions is holistic, ministering to the needs of the whole person; the spiritual, the physical, and the relational. All missions are under regular review and evaluation. The needs are genuine, and the projects are worthy of your prayerful and generous support.

Recommended Missions are mission programs that do not receive oversight or funding directly from the NACCC but which are supported by member churches of the NACCC.

For more details about each
of our mission partners,
