

**Nursery Assistant**  
**Brief Job Description**

Thank you so much for being willing to help in the nursery of \_\_\_\_\_ Congregational Church!  
Our nursery has been growing and we find we need more help showing the love God's given.

For this Sunday, you will be the "nursery assistant" who help our Nursery Attendant,  
\_\_\_\_\_. We need your help in some critical ways:

- assist with the signing in of little ones
- sitting with a baby or toddler, particularly if that baby or toddler is a little fussy or uncertain about being there
- playing with or guiding the play of toddlers
- helping toddlers with potty breaks
- being the important extra, responsible person if an emergency arises
- assist with connecting little ones with the adult who is picking them up

You don't have to run the nursery, just know how to love children. You are not responsible for everything, just to be helpful in whatever way is needed.

Please try to be in the nursery at 9:45 a.m. (15 minutes before worship) in case, parents need to drop off a child. If you could plan to stay with the Nursery Attendant and the nursery children until there are four or fewer children that would be great. Usually that's only a few minutes past the end of worship (11:20 or so).

The nursery is one of those essential ways we demonstrate the love of Jesus in a way even the littlest ones can receive.

Thank you again.
