

COMMUNITY QUILT PROJECT

Gathered in God's Hands

Help us create a quilt for the 2027 Annual Meeting & Conference!

The NACCC's Mission & Outreach Ministry Council (MOMC) is partnering with the NA Office staff to produce two quilts to be auctioned off at the 2027 AMC to benefit the MOMC.

We invite NACCC churches, Sunday schools, youth groups, families, and individuals to create quilt blocks to be joined together into a community quilt.

Participants will send individual quilt squares to the NACCC office. The office staff will combine the squares and produce the final quilts.

We will auction the finished quilts at the 2027 Annual Meeting & Conference in Lansing, Michigan, June 26–29, 2027.

All proceeds from the auction will benefit the Missions Administrative Endowment.

Why the Missions Administrative Endowment?

Donations made to NACCC-supported missions go directly, dollar for dollar, to the missions, with nothing withheld for administrative purposes. However, the important work of supporting our missions also requires resources for administration, communication, evaluation, and other related expenses. Proceeds from this quilt auction will help provide those resources.

Help us create something beautiful together! Every block helps tell the story of our community.

Many hands. One community. Gathered in God's hands.

Suggested Color Palette for Michigan Beauty Star Blocks:

1. Can I submit multiple blocks?

Yes! You may submit as many blocks as you would like.

2. Can I use patterned fabric or introduce other colors?

Absolutely. The palette is just a suggestion. The quilt will look more cohesive if there is a theme running through it.

3. Do blocks need to be signed?

We'd love to know who made each block. You may put your name/church/group on your block if you'd like.

4. Should the blocks be quilted or just completed fabric blocks?

Blocks should not be quilted. Please do not quilt or add batting; submit only the completed 12.5" unfinished block.

5. What does "unfinished" mean?

Unfinished size means the block should measure 12.5" x 12.5" after you complete your design, before sewing it into the quilt.

6. What is a "seam allowance"?

We want every block to have a ¼" seam allowance. The finished block will measure 12" x 12" after being sewn into the quilt.

7. What happens to the blocks you send in?

The NACCC office (and volunteers) will sew your blocks together to create a finished community quilt, which will be auctioned to raise funds for the NACCC Missions and Outreach Ministry Council.

8. Do you have any more resources?
